MASSACRE PLANNED BY BLACK HUNDRED

Rumors Afloat That Jews Will Be Killed in St. Petersburg.

CRONSTADT RIOTS SUPPRESSED

Peace and Order Restored in Russian City—Count Witte Will Investigate Jewish Massacres—Political Education for the People.

St. Petersburg, Nov. 11—Stroies are being industriously circulated that a regular St. Bartholomew massacre of the Jews and intellectuals has been planned by the "Black Hundred" of St. Petersburg for Saturday night. It is declared that all the houses containing Jews are marked with a red cross. While it is undoubtedly true that the lower classes would like to be let loose, no real danger is anticipated as the police have received the most rigid instructions to suppress any attempt at an uprising.

Count Witte has ordered a thorough investigation of all the Jewish massacres, and other disorders in the interior where the police, troops and officials are charged with inciting or with abetting violence, and he is determined to have all the offenders removed or punished.

Political Education for Masses.

St. Petersburg, Nov. 11.—The town council of St. Petersburg is talking the lead in the political education of the masses by inaugurating a series of public lectures at which the new order of things is explained to the people.

The object of the meetings is to allay the hostility between the various classes by showing the benefit accruing to all from the grant of liberties. This example will be followed by the city of Moscow and other places.

Word reaches Count Witte that in some regions the reactionaries who are seeking to make the new regime odious are spreading reports among the peasants in the country and the lower classes of the cities that the imperial manifesto is a forgery issued by A. Camarilla, of the revolutionists, of which Count Witte is the head, and who held the emperor in the palace.

Such stories circulated among the emigrant peasantry are apt to prove a most dangerous factor, as they did when the peasantry rose to support Pugatcheff, who claimed to be Peter III, called on the people to overthrow Catherine II. The clergy throughout the country under instructions from the Holy Synod are doing all in their power to counteract the effect of such pernicious reports by explaining to the people in the churches the real meaning of the reforms.

During the rioting at Cronstadt the government treasury there, which was surrounded by a deep moat filled with water, was only saved from the mob of mutineers and rowdies by the removal of the bridges. Ethelbert Waats, the American consul general, received the following dispatch last night from Consular Agent Peter Wigius at Cronstadt:

"Sailors aided by a mob commenced rioting here and several houses were set on fire and the shops were robbed. The situation remains critical."

Mutiny at Cronstadt Suppressed.

Cronstadt, Nov. 10.—6 a. m.—The mutiny here is entirely suppressed. The mutineers who were holding out in the eastern section of the town have been arrested. The disorderly elements is now under the thorough control of the government officials.

Men Held for Murder.

Pittsburg, Pa., Nov. 11.—John Sossutto and Frank Finelli, of Hickory, Pa., were held without bail today for a coroner's inquest and thirteen other guests of the Roma Hotel, are detained in connection with the mysterious death of Joseph Delegio, of Monongahela City, Pa. Delegia was thrown from the third floor window of the hotel into the Slocum alley, and it is believed that Sossutti and Finelli know the circumstances. They further say it is the work of some Italian secret society.

PERSIA IN AWFUL CONDITION.

Cholera and Failure of Crops Cause of Serious Situation.

Washington, Nov. 11.—General Morteza, the Persian minister, who arrived here yesterday, spoke of the deplorable conditions existing in his country growing out of the cholera epidemic of 1904, failure of crops and the increase in the prices of the necessities of life.

"Our country is most peculiarly and woefully situated just now," said General Morteza, "and there seems to be no relief in sight. Through a series of distressing visitations upon our people, the Persians are experiencing a panic. The steady increase of prices means starvation to many; it will mean misery to countless others, and it is with heavy hearts that we look forward to the suffering of this winter.

"Ordinarily in times of crop failure, the Persians depend on their next-door neighbor, Russia, for wheat. General Morteza said, But Russia's war result, ing with all importations to Persia being so greatly diminished that few were able to profit by it."

The cholera has passed, for the war is at an end, but our people are still hungry. Their problem is to live through another year, trusting to providence that their granaries may be filled next autumn.

TRIBUTE PAID TO PRESIDENT.

Lord Mayor Parade Suggests a "Roosevelt Temple of Peace."

Washington, Nov. 11.—The tribute paid to President Roosevelt in London yesterday in connection with the lord mayor's parade has directed attention heretofore to a suggestion emanating from J. Selwyn Tait, local representative of the international banking corporation that the triumph of the president as a peacemaker be perpetuated by the erection in the capital city of a magnificent "Roosevelt Temple of Peace."

The author of this project feels that there will be no difficulty in raising by public subscription a fund sufficient to erect a structure in every respect worthy of the triumphal Portsmouth. The suggestion is that there be erected a building of heroic proportions to be used for conventions and meetings of national importance, to be of rich design with ornamentation emblematic of peace and perhaps symbolic of the state of President Roosevelt in tight bonds of brotherhood between the north and south.

Countess Secures Divorce.

Chicago, Nov. 11.—A Tribune dispatch from Detroit, says that the Countess de Szeliassia, formerly Miss Louisa May Hecker, daughter of Colonel Frank J. Hecker, of this city, yesterday was granted a divorce by the circuit court of this county from Count Gyula Hobe Joseph de Szeliassia on grounds of dissertion and non-support. The couple were married Dec. 22, 1898, when the count was secretary of the Austrian legation at Washington. About two years ago the countess returned to her father's home in Detroit where she has since resided. It is said that the countess will resume her maiden name. She retains the custody of the only child.

To Aid Persecuted Jews.

San Francisco, Nov. 11.—Associate delegates of the Jewish congregations and societies of San Francisco, and the city around the bay, met here last night in the Temple Emmanuel, in response to a telegram from Jacob Schiff, the New York banker, making an appeal for aid to the persecuted Jews of Russia. An immediate response met Mr. Schiff's appeal, both in the shape of liberal subscriptions and address to the people of California setting forth the conditions which exist in Russia and the imperative need for help.

Want Uniform Divorce Laws.

Harrisburg, Pa., Nov. 11.—Governor Pennypacker today sent a letter to the governor of every state in the United States urging them to appoint delegates to the congress to be held at Washington, D. C., Feb. 16, 1906, to consider the passage of uniform laws upon the matter of divorce throughout the nation.

EVIDENCE OF FRAUD FOUND IN GOTHAM

Election Return Boxes Were Thrown in North River.

HEARST OFFERS LARGE REWARD

New York Editor Will Pay Handsome Sum for the Arrest and Conviction of Tammany Leader Who is Guilty of Committing Election Fraud.

New York, Nov. 11.—Attorney General Julius Mayer before leaving his office after midnight this morning arranged to appear before a magistrate in the criminal courts buildings today to prosecute several persons charged with violation of the election laws. Arrests, it was said, would be made at an early hour and the prisoners include one or more police officers.

These arrests, it was said, would be the result of the accidental discovery of an unlocked and unsealed ballot box full of protested ballots in the rear of a barber shop that had been used as a polling place in an election district in the Twenty-first assembly district. Today the matter may be put before the grand jury. It is said that it will not be a question of John Doe proceedings, but direct evidence will be presented.

The first information regarding the finding of the ballot box came to the district attorney yesterday through a policeman who walked into Mr. Jerome's office with a bunch of ballots and said that he knew where more of the same kind were to be found, but that he had not dared to bring in all he had found until he had been assured of protection.

He was sent back with a county detective, whom he escorted to the barbershop where the ballot box was found. When the policeman returned with the ballot box wrapped up in a piece of ordinary newspaper he was taken into Mr. Jerome's private office where were also the attorney general state Supreintendent of Elections Morgan and several deputies. Later Assistant District Attorney Sanford and several stenographers were called in. Six Morgan deputies were sent out soon afterwards with subpoenas. There was a report that men on the tug boat Robert White picked up four ballot boxes floating in the river early yesterday.

Before going home this morning, Attorney General Mayer was asked if he had received any information of the finding of four ballot boxes in the East river by the tug Robert White. I have not had any such information, Mr Mayer said.

"Have you been told of the finding of ballot boxes in the North river?" he was asked.

"Yes, the North river. I have had such information."

At the headquarters of the Municipal Ownership League it was announced that two ballot boxes had been found in a tailorshop window in Gravesend. This shop was used as a polling place on election day. The boxes, it is said were discovered by Bernard Wayne, a representative of the league who reported that one contained mutilated ballots and the other supposed to contain the ballot stubs, was empty.

Evidence of the gross carelessness in the care of election returns developed when the official envelope containing the official return and tally sheets for the seventy-third election district of the thirty-fifth assembly district was found in a baby carriage in the cellar of a house in the Bronx. How it got there no one in the house was able to explain.

The tally sheet showed that 26 votes had been cast for William M. Ivins 99 for Mayor McClellan and 139 for William R. Hearst. Both Mr. Jerome and Attorney General Mayer at once began an investigation.

L. Archibald, a clerk who signed the tally sheet, said he sealed the returns and gave them to the chairman of the election board. The letter was found and said he had turned the returns over to a man named Dawson, who was to take them to the proper place. Dawson could not be found last night.

W. R. Hearst announced today that an additional reward of $10,000 for evidence for the arrest, conviction and imprisonment of the first Tammany district leader to be convicted of frauds against the ballot in Tuesday's election. This is an addition to the other evidence here is proof of crimes against the ballot and registration laws in the election. This makes the total of rewards he has offered $27,000.

MAN WORSHIPS "OLD NICK."

Erects Monument to Satan Which Boys Try to Destroy.

Detroit, Mich., Nov. 11.—Two policemen last night assumed the unique duty of taking up their station as guards at the site of a monument to Satan. The monument is 14 feet in height from foundation to crowd, horned figure purporting to be Satan being shown in a stooping posture behind a pulpit. The grotesque affair created a sensation when unveiled in the front yard of Menz, a contracting mason, at 318 Stanton avenue and last night a mob of boys gathered around it and began a bombardment of stones that threatened its destruction, the two policemen finally dispersing the crowd and standing guard to prevent [illegible] explaining his action in erecting the monument Mr. Menz [illegible] believe a word of the Bible, but that old Nick told the truth.

"He is my best friend," declared the old man, pointing up at the image. He spoke the first and last truth."

Around the neck of the statue when it was unveiled was a ribbon of United States flags. Clergymen and city officials have been interviewed regarding the extraordinary action of Mr. Menz, but no conclusion has been reached as to whether his monument can or should not be made the object of official action to secure its removal.

TRY TO PREVENT SUICIDES.

Society Formed in Cleveland, O., to Stop Self Destruction.

Chicago, Nov. 11.—A Tribune dispatch from Cleveland says: Tom Johnson, alarmed at the official report that there have been eight-six suicides in Cleveland in the last nine months has taken steps to check the carnival of self-destruction. He has appointed a commission, whose duty it is to attempt to dissuade would-be suicides from taking their own lives. The commission is made up of Director of Charities Cooley, with A. Greenlud, member of the charities bureau, and State Senator Elliott F. C. Howe.

Every man or woman in Cleveland who is contemplating suicide is invited to write a letter to the anti-suicide commission and tell their troubles. The members of the commission will then make an effort to remove the trouble. For people despondent from non-employment the commission endeavors to obtain employment, while the needs and wants of others seeking aid are looked after.

All three men are experienced in such work, and their labors so far have proved satisfactory.

Man is Human Stone Quarry.

Chicago, Nov. 11.—A dispatch to the Tribune from St. Cloud, Minn., says that John Jansky, of this city, aged 22, is a human stone quarry. Fourteen months ago he was the victim of an explosion in a stone quarry and even since the doctors have been prospecting, every time with good results. Four thousand pieces of stone have been removed from various parts of Jansky's anatomy. A piece of granite weighing an ounce came out of his arm in an operation yesterday, and another of half an ounce in weight was removed from the socket of his eye, which was lost in the explosion. Four times a week Jansky without taking an anaesthetic submits to the knife.

Crossed Continent in Auto.

Portland, Ore., Nov. 11—Percy M. Megargel and D. F. Fassett, arrived here yesterday in a 15-horse power touring car, after a 3,000-mile journey from New York city. They are attempting the first double transcontinental tour of the country ever made. From here they go to San Francisco.

FLOOD OF SILVER TONGUED ORATORY

Second Day's Session of the Chattanooga Conference.

INCREASE IN THE ATTENDANCE

Convention of Quarantine and Immigration is Attracting Much Attention. Several Eloquent Addresses Made by Prominent Southerners

Chattanooga, Tenn., Nov. 11.—The second day's session of the southern conference on quarantine and immigration opened with an increased attendance over that of yesterday, about 275 delegates being registered.

Governor Broward, of Florida, and Governor Terrell, of Georgia, completed the list of state executives who had been expected.

The flood of silver-tongued oratory yesterday sadly disarranged the prearranged program for the day. Governor Glenn, Governor Blanchard, Governor Broward, Governor Vardaman, Congressman John Sharp Williams and many others of less note addressed the conference on varied phases of the quarantine questions held the close attention of varied delegates until last midnight. As a result, only two of the six formal addresses on yesterday's program were reached—those of Governor Glenn and Surgeon General Wyman. Three more addresses have been arranged for today; the reports of the committees on quarantine and immigration to which have been referred without debate resolutions offered bearing on the respective subjects are to be considered today and a visit to Chickamauga battlefields with a drill by the famous Twelfth United States cavalry followed by a luncheon at Fort Oglethorpe and a drive over the reservation and back to the city, will complete a busy day.

Provision for an evening session has been made, if the business of the conference cannot be completed without.

The conference was called to order by Chairman Governor Cox, of Tennessee, who promptly took up the program by introducing M. J. Sanders, president of the New Orleans Progressive union, whose topic was "Quarantine; Its Commercial Aspects."

The address of Dr. William F. Bruner, health and quarantine officer of Savannah, Ga., was next called. Dr. Bruner, being absent, his paper was filed with the secretary to become a part of the records of the congress. The paper discussed "Quarantine: Government Control."

Confederate Markers Dedicated.

Chattanooga, Tenn., Nov. 11.—Markers showing the position in the battle of Chickamauga of the Thirty-ninth, Fifty-eighth and Sixtieth North Carolina infantry regiments were this morning dedicated. The North Carolina visitors including Governor Glenn, Adjutant General Robertson, ex-Chief Justice Avery, General Ray, of the Sixtieth, Colonel Harper, of the Fifty-eighth and the delegates to the southern immigration and quarantine convention now in session here. A reception will be given to the North Carolinians tonight by N. B. Forrest Camp, United Confederate Veterans.

Autographs Bring Good Prices.

New York, Nov. 11.—A letter written by Abraham Lincoln in 1841, relating to political affairs in Illinois, one of a number of autographs collected by Mrs. George M. Moulton, of Chicago, and sold at a hotel here yesterday brought $173, an autograph poem signed by James Russell Lowell brought $25. A one-page letter signed but not written by George Washington, Feb. 20, 1790, sold for $24.

Will Cremate Woman's Body.

Santa Barbara, Cal., Nov. 11.—Antoinette Beecher, daughter of Amos Beecher, and cousin of Henry Ward Beecher, and Harriet Beecher Stowe, died last night after a brief illness aged 65 years. The remains will be cremated at her request. She was a prominent educator and philanthropist.

FINE LIVE STOCK FOR STATE FAIR

Alachua County Will Make Fine Exhibit of Live Stock.

SPRING PARK WILL BE THERE

With One of the Finest Displays of Live Stock Ever Seen in the South. Tampa Times Gives Alachua Stock Fine Advance Notice.

The Tampa Daily Times of the 9 h inst. contains a very complimentary article to Spring Park Stock Farm of this city, which is as follows:

"The exhibit of cattle to be made at the State Fair by the Spring Park Stock Farm Company of Alachua, which is under the care of General Manager N. A. Callison, cannot fail to be one of the greatest interest to any visitor to the live stock department at the Fair.

"The company, of which C. W. Chase of Gainesville is president, was formed with a capital of $100,000 for the purpose of breeding registered stock of all kinds, a specialty being made of registered Hereford and Jersey cattle, and of demonstrating the fact that the State of Florida is as well if not better adapted to the breeding and raising of the finest breeds of cattle as any of her sister States in the Union.

"The farm, which comprises between forty and fifty thousand acres, is located near Gainesville, in Alachua county, and is recognized as one of the show places in that section, having been laid out according to plans of the men who have made the rearing of live stock the study of their lives, and all buildings, etc., having been fitted with the most modern and up-to-date appliances for the comfort of the cattle.

"Recognizing from the very first the importance of a good beginning, and the fact that in all cases the best is invariably the cheapest, no pains or expense were spared by the company in securing the very best animals which could be procured for their foundation herd, several of the members of the same having taken first prizes in their classes at the World's Fair at St. Louis, while most of them have secured one or more firsts in their class at the best known fairs and cattle shows throughout the country.

"At the head of the Hereford herd stand two magnificent bulls, Ridicule and Dallas, both of them splendid specimens of the type of beef cattle, the former animal weighing between 2,000 and 2,200 pounds, and with lines that make the heart of the lover of live stock throb with pleasure to look at. This bull, which shows in the aged class, has been most successful in transmitting his good points to his progeny, with the result that his sons and daughters are to be found among the prize winners throughout all the Western States.

"Dallas, in the two-year-old class, enjoys the distinction of having secured no less than fifteen first prizes, including among them the first prize for junior yearling bulls at the St. Louis exposition, and the junior championship of the Southern exhibit.

"In addition to these two animals, several heifers will be found in the stalls reserved for this herd, for which the company paid $600 at the ranches where they were bought.

"But on turning from these mammoth specimens of one of the best breeds of beef cattle to the smaller but fully as valuable Jersey, the visitor will find that the same policy has been carried out in selecting the foundation herds of this premier breed of dairy cattle.

"Occupying the position of lord of the harem stands that magnificent animal Fancy Golden, of Biltmore, sired by Golden Lad's successor, who was awarded the championship of the Pan American exposition at Buffalo, and who, in his day, had the distinction of having taken more first prizes than any bull living at that time.

"Many of the heifers and cows in this herd were purchased at fancy prices at the sale of the famous Biltmore herd of Jerseys so carefully selected and secured without any thought of expense by W. K. Vanderbilt for his stock farm in North Carolina, but it will be sufficient for the purpose of this article to mention Beau Brummel's Madeline. This beautiful specimen of all that a dairy cow should be, shows in the two-year-old class, with her first calf, and was imported direct from the island of Jersey. Mr. Callison's description of her that 'she is a perfect picture' being the best that can be given of her.

"The company have entries in fifteen different classes, which will in some way convey to the reader the large interests which they have in the cattle business.

"Besides their cattle exhibit, the Spring Park farm have made entries with Berkshire hogs, Angora goats and bronze turkeys, it being their intention to conclusively prove that a well-managed stock farm in Florida can produce all kinds of stock to as good advantage as on the much-boasted-of grass lands of the West."

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Death of Mrs. Tuttle.

From Friday's Daily Sun.

Allie, wife of Harry H. Tuttle, died at her home, West Church street, at 8 o'clock Thursday morning, after an illness of about six weeks.

Deceased was born in Hamilton county, near White Springs, May 18, 1885, and was virtually reared in that county. She was married to Mr. Tuttle in February of the present year, and lived happily with her husband. She was a devout member of the Methodist Church and has been an active worker in the cause of Christ.

Deceased is survived by her husband and little daughter, only one month old, her parents, Mr. and Mrs. N. A. McLeod of White Springs, two sisters, Mrs. J. H. Tuttle of this city, and Mrs. Thos. McLeod of Newberry, all of whom were at the bedside at the time of her death.

The remains were shipped to White Springs Thursday night, and the interment will be held today.

Friends of the bereaved family extend sympathy in this hour of bereavement.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

A SERIOUS OFFENSE.

Malicious Parties Did Great Damage to Irrigating Plants.

Some malicious party or parties participated in a piece of work a day or two recently for which they will pay dearly if apprehended, as they destroyed property which will require more than a hundred dollars to place in repair again.

The property in question is the three irrigating plants on the farm of John M. Flewellen, located on the Hogtown Creek road, opposite the University grounds. Mr. Flewellen went to his farm Wednesday for the first time since Friday of last week, and upon his arrival there was surprised to find the plants almost a complete wreck, the victim of hammers and wrenches. The glass gauges were shattered into small bits, cocks had been unscrewed and either taken away or thrown into the lake, other parts of the machinery were demolished in some instances almost beyond repair, and altogether the damage is serious. Mr. Flewellen states that there could have been no malicious motive of a grown person, and he is of the belief that the damage was wrought by boys. He has offered a reward of $50 for the apprehension and conviction of the guilty parties, and the officers are hot on the trail.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." A Delightful Party.

The young folks of North Gainesville gave a pound party at the home of Mr. and Mrs. Walter McMillan Wednesday evening, which was largely attended. Each attendant was required to bring a pound of "something good to eat," with the result that there was quite a diversity on the bill of fare, but the young ladies volunteered as cooks, and a fine spread was prepared.

Those who attended report a most delightful time, and will arrange to give another similar entertainment in a short time.

COUNTY DADS MADE A FINE PURCHASE

Expended $8,000, Which Will Bring County 7 per Cent.

HELPED GOOD CAUSE, TOO

Committee of Prominent Citizens Called Upon the Board, Explained a Financial Help Essential, and All Were Benefited by Process.

The county commissioners are nothing if they are not conservative, for which they are to be complimented, and their constituents congratulated for placing such trustworthy men in office. The board has made several wise moves, but the latest and one of the most business-like was the purchase of the Dormitory property, located on East Main street, N., and which is now paying seven per cent on the investment, involving $8,000.

The action came about in this way: As is well known, the city of Gainesville and the school board were required to purchase the old Seminary buildings and property, the city and school interests having pledged to pay the State a certain amount for the same, in the event the University of Florida was located here.

At the last meeting of the City Council it was agreed to purchase the property known as the Dormitory at a price not to exceed $8,000. A committee of representative citizens appeared before the Board of County Commissioners at its last meeting, and explained that the city was willing to purchase the Dormitory if the board would combine with the county school board in the purchase of Seminary Hall and property, the valuation of which was placed at $15,000. The committee, which was evidently authorized to act in the premises, stated that they desired the commissioners to invest $7,500 as their interest with the school board, and that it was absolutely essential that this expenditure be made to raise the amount guaranteed to the State in order to secure the University.

After figuring the matter for awhile, the board made the proposition that if it was absolutely essential to purchase the building, the board would invest no funds without certain provision. This provision was that if the property had to be purchased, if the city was willing to invest $7,500 as the city's interest with the school board, the board of commissioners would pay $8,000 for the Dormitory.

After this question had been debated for awhile it was agreed to, with the result that the county will own the Dormitory instead of a partial interest in the Seminary hall and grounds.

This investment is deemed one of the wisest ever made by any board of county commissioners in the history of the county. The property is now being rented at $50 per month, and if any change is made in the rental it will be in the nature of an increase, as rents are advancing every day, and will continue to advance. It means that the county will make seven per cent on an investment of $8,000, and they have assisted the city and county in perfecting a purpose as well.

Whether or not the City Council will concur in the action is not known, but it is naturally supposed that they will, since the entire movement has been brought about for educational purposes, as provided for the recent bond issue of $50,000.

HUNTERS ARE PLENTIFUL.

Many Sportsmen Are Daily Taking Advantage of Hunting Season.

The hunting season is now on in full force, and daily the sportsmen are in the fields in search of the festive quail. As a result hundreds of the favorite birds are killed every day, and notwithstanding the fact that the law allows twenty quail to the gun, [illegible] to the party, each day, the hunters are having lots of sport.

There is no law against squirrels and the festive little animals of the forest are being slayed right and left. One [illegible] man alone succeeded in bagging [illegible] squirrels in a short time re[illegible].

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, [illegible], got a fall on an icy walk last [illegible], spraining his wrist and bruising his knees. "The next day," he [illegible] "they were so sore and stiff I was afraid I would have to stay in bed, but rubbed them well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared." Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CAPTAIN YOUNGLOVE RETURNS.

Has Been on Extended Tour of the West—Glad to Get Home Again.

"I'll tell you, boys, I am glad to get home again," remarked Captain G. D. Younglove to a party of friends Thursday, as he sat in an easy rocker in front of the Brown House and enjoyed a fine cigar.

Captain Younglove has been absent on a trip to the Far West and Canada, and during this trip learned a great deal which he did not know before, he good-naturedly admitted. He spent several weeks in Colorado, during most of the time at Boulder. The crops of Colorado are fine, he said, especially in grain, where irrigation can be secured. From forty to fifty thousand bushels of wheat per acre is nothing uncommon. The sugar beet industry is the principal industry of the State. From this beet, as the name indicates, sugar is made. But Captain Younglove states that the product is not near so good as the product from sugarcane, as it requires double the amount for the desired purpose. The cane sugar also brings a much better price.

From Colorado Captain Younglove proceeded to Los Angeles, California. In this trip he did not have much opportunity to see the country, as the journey was made at night through California. He was not much impressed with the orange groves, although he noted that fruit hung on the trees in July, when he was there. The foliage was fine and the trees looked well, but the fruit did not appear to be any too solid. The vineyards and English walnut groves, however, showed up to better advantage.

Captain Younglove visited San Francisco also. While he is not impressed with the country, he could not help but admire the modern architecture of both Los Angeles and San Francisco buildings, and the progressive spirit of the people of California.

Captain Younglove also visited Seattle, Wash., Portland, Ore., and points in Western Canada, and is greatly impressed with his trip, though he is content to remain in Florida.

Sluggish Liver a Foe to Ambition.

JUMPED THE JOB.

Carpenters Quit Work on the Episcopal Church and Leave the City.

On Monday there were three carpenters from Jacksonville who arrived in the city that day, set to work on finishing up the carpenter work on the roof of the new Episcopal church, to make it ready for the slaters to finish the work.

When they came here one of the workmen said they were told there was about a week's work, but that it could not be done by the three carpenters and two laborers in three weeks.

They worked up to Thursday, when the three men quit work and returned to Jacksonville. One of them said that the job on the church only paid $2.50 per day, and that he could get a four-months' job in Jacksonville at $3.50 a day, so they all hiked.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

Remains Taken North.

From Saturday's Daily Sun.

Jos. G. Hyatt, a prominent lawyer of Westport, Conn., who came here for the remains of Dr. George B. Bouton, who died Monday, left with the corpse yesterday.

Mr. Hyatt is a very clever gentleman, and notwithstanding that he was here only a short time, expressed himself as being pleased with the city and those whom he met. He is a prominent secret society man, and is past noble grand of Our Brothers Lodge, I. O. O. F., Norwalk, Conn.

Upon the arrival of Dr. Bouton's remains at his home they will be interred in the family burying ground, where his devoted wife has rested for many years.

Deceased is survived by two nieces, Mrs. Minnie Blakeman and Mrs. Nellie Perry of Shelton, Conn., and a nephew, Geo. B. B. Pack of Brooklyn, N. Y.

CONTAGIOUS BLOOD POISON

KING OF ALL DISEASES

To Contagious Blood Poison rightfully belongs the name King of all Diseases. It is the most powerful of all human ailments—corrupting every part of the body and wrecking and ruining the lives of those unfortunate enough to contract it. When the first sign appears in the form of an insignificant sore or ulcer, few persons realize that the deadly virus has entered the blood; but so potent is the poison that one drop will vitiate and pollute the purest and healthiest blood, and in a short time the degrading and horrible symptoms begin to appear. The mouth and throat ulcerate, the glands in the neck and groins swell, the hair and eye-brows fall out, copper-colored spots appear on the body, and in the latter stages of the disease the poison even works down and destroys the bones. No other disease is so highly contagious, and many have contracted it and suffered its awful consequences through a friendly hand-shake, handling the clothing of one afflicted with it, or drinking from the same vessel. S. S. S., The King of Blood Purifiers, is the only cure for Contagious Blood Poison. It goes down into the circulation and forces out every particle of the virus. It is nature's antidote for this peculiar poison, and cures the disease in all its stages, and cures it permanently. S. S. S. does not hide or cover up any of the poison to break out in future years, but so completely eradicates it from the blood that no signs are ever seen again. S. S. S. is purely vegetable, we offer $1,000 for proof that it contains a particle of mineral of any kind. Book with instructions for home treatment and any medical advice you desire will be furnished by our physicians without charge.

Atlanta will hold an exposition in 1910. Jamestown, Va., will hold one in 1907. But next week, Wednesday, the Florida State Fair at Tampa will open up with as fine a show as one would care to see.

The Tampa high school boy is figuring on which costs him the most worry—the things he ought to do, or what he ought not to do, says The Times. What he ought to do is to not do what he ought not to do.

The Sun has never criticised Gov. Broward for not hanging a man in each county of the State every thirty days, nor for any appointments he has made or has not made, reports to the contrary notwithstanding.

Every man who knows anything about the schools of Alachua county is aware of the fact that they are better today than ever before. If the Buckman bill did it, the present school law is bound to be the best we ever had.

The investigations to be inaugurated by W. R. Hearst in New York City will no doubt reveal some very peculiar work. If the frauds can be shown as stated, McClellan's election by the smallest plurality on record for any mayor in that city may be knocked out. Hearst has Jerome and Ivins to help him, and the bottom of the crookedness may be reached.

Probably the largest number of people traveling on one ticket passed through Miami Monday on their way from New York to Key West, says The Record. The party numbered 269, and one ticket was issued to carry them on the P. & O. steamer Martinique, which left for Key West last night. The party was composed of Italians and Irish, picked up in New York, for work on the F. E. C. extension. When it left the North the party numbered 300, but 31 of them deserted before reaching Miami.

The editor of an esteemed exchange has discovered that there is a wide difference between the school books of today and those of long ago. He says when he went to school he read his lesson in the first reader something like this: "See the cow. Is not a cow nice? No, the cow cannot run as fast as the horse." But the latest up-to-date reading of it by the average kid is as follows: "Gee, get on to the cow. Ain't she a beaut? She is a corker. Can the cow get a move on herself? You bet she kin. Can she hump it like de hoss? Nit—she ain't in it wid de hoss."

Seven new business places have been built in this city within the past summer, and they are all occupied now. New concerns have opened up for trade, and it is apparent that these will all do a fair trade. All the new houses that have been built are also occupied, which shows that Gainesville is going ahead and the people have confidence in its future. While many people have complained of the unusually warm summer just past, the health of the city has been good, and there has not even been the least uneasiness from fear of anything that might be in the form of an epidemic or contagion. The health of Gainesville is in every way all right.

IS IT UNCONSTITUTIONAL?

The following sensible argument is taken from The Live Oak Daily Democrat, and is worthy the careful consideration of all fair-minded people of this State:

"Editor Caldwell of The Jasper News signalizes his return to Florida journalism by a savage attack on the Buckman education law enacted by the last Legislature, and gives it a 'dressing down' which would have been more effective before its passage than it can be now. We had previously learned from other sources that the constitutionality of the law was to be tested in the courts, and from The News we gather what will probably be the precise ground of attack. Our Jasper contemporary says that the Buckman law violates Article 4, Section 25, of the State Constitution, which reads: 'The Superintendent of Public Instruction shall have supervision of all matters pertaining to public instruction; the supervision of State buildings devoted to educational purposes,' etc. The Buckman law provides that 'the Board of Control shall have jurisdiction over and complete management and control of all of said several institutions and each and every one of them,' meaning all the State schools; and that law also provides that the colored normal school at Tallahassee 'is established under the supervision and control of the State Board of Education and the Board of Control.' The News insists that these two provisions are in direct conflict with Article 4, Section 25, of the Constitution, as quoted above, and for that reason the Buckman law, now the foundation of our entire State school system for higher education, must go to the scrap pile as worthless and invalid legislation. We pass it to the lawyers and the supreme court but we would not be surprised if much the greater part of State sentiment on this subject, if it could be sounded, would earnestly desire that the supreme court might find the Buckman law to be constitutional. The people of Florida, outside the few communities to be adversely affected by the passage of the law because of the possible removal of schools from their midst, didn't seem to manifest any great degree of indignation or opposition while the measure was under discussion in the Legislature, and after it had became law there was, so far as we could see, a general acquiescence in its wisdom, the various cities striving for the location of the new schools throwing themselves heartily and cheerfully into the competition. The schools have now been located; expensive preliminary steps taken for the construction of the university buildings at Gainesville; the people generally seem to be suffering under no sense of wrong or injustice in the matter; and if the State could be polled today we believe there would be an overwhelming majority against returning to former conditions when insufficient State aid to our higher schools was distributed among so many different institutions and they were at each session of the Legislature clamorously begging for more to keep them alive. The News puts its case against the Buckman law with the force and vigor of strong conviction and undoubted sincerity, but we doubt if it will be able to secure a strong following in its opposition to a law approved from the beginning by many of the best minds of Florida and which was undoubtedly designed to cure a conceded evil in the State's higher educational system.

"But if it is unconstitutional the fact should be known as soon as possible before heavy expenses are incurred on faith in the validity of the statute. The next Legislature can cure the constitutional defect and give us a new measure on this subject of paramount importance. The Buckman law was distinctly an educational evolution, and, like revolution, evolution never goes backward. We cannot believe, until we see it, that there will ever be a return to the old system in Florida."

KEELEY INSTITUTE.

A Keeley Institute for the cure of the liquor, morphine and other drug habits, is to be opened in Jacksonville by a stock company composed of B. B. Tatum and J. H. Tatum of Miami, J. P. Matthews of Columbia, S. C., J. L. Wallace and H. G. Stone of Jacksonville. The most of these gentlemen are already known in Florida. Mr. Matthews is treasurer of the Palmetto Bank and Trust Company and owner of one-third of the stock of the Keeley Institute at Columbia, S. C.

There are hundreds of thousands of able men in the United States and Canada who can thank the Keeley remedies for their release from the curse of liquor and other drug habits and among the number are numerous ministers, lawyers, doctors and literary men. The Keeley institutes in this country and Europe have saved many from the downward path, and while the man or woman who is a slave to liquor can be cured of the habit, they have got to have brains enough to let it alone when once free.

It is one of the greatest blessings to the human family ever discovered, and it is sure to do much good in any community. The remedies are those used at the famous Keeley Institute at Dwight, Ill., compounded from the formula of Dr. Leslie Keeley, who devoted many years to the study of the liquor habits and its treatment. He was a physician of high standing and his remedies are not in the least injurious, but build up the system that has been shattered by alcoholic spirits and opiates.

THE BOY CROP.

The Newton Mentor says "someone has figured out that the average boy who is dependent upon his parents for a livelihood until he reaches the age of 21 years, costs them $4,000. Upon this basis of calculation a brood for instance—six boys—will represent an outlay of $24,000 by the time they leave the home roost. The question naturally arises: Does it pay to raise boys, and are there no other crops that would be more profitable? If a boy turns out to be a cigarette fiend with a laugh that would make the wild untutored donkey feel perfectly at home in his society, and with an untrammeled and unconquerable desire to avoid work, it is safe to say the parents might have invested to better advantages. But if the boy grows up with the lesson well learned that wealth and success grow only on bushes by the sweat of the brow, the parents need not begrudge whatever they have spent on him, for he will be a source of increasing joy and pride to their hearts when they grow old and their hands tremble and their legs wabble and their steps are slow and faltering. They will then have two strong arms to lean upon."

FOR BEST METHODS.

In answering a communication from the Mayor and Board of Trade of Gainesville, regarding the Buckman bill and the location of the University in Gainesville, The Orlando Daily Reporter says:

"This paper stands for the best methods in State education. We believe the Buckman plan, as adopted by the last Legislature, conserves these interests. The selection of a location was important, but secondary to the main question. We believe the board chose the place best suited upon the merits of the case as presented. That Gainesville proved to be the place was certainly fortunate for that city, and it seems to be satisfactory to this part of the State. But the purely selfish interests of no part of the State should weigh in so important an issue. The interests of the entire State should be the care of every separate locality. As any war upon the Buckman bill would really, at bottom, be a selfish war for the University site, we believe the great mass of the people would not be in sympathy with a fight having that for its motive."

THE ELECTIONS.

The recent elections, held in the seven States on Tuesday, show that the people are becoming weary of the corrupt methods employed by the long-continued power of the Republican party, and a united action was made to drive the corruptionists from power. The independent voter is becoming a factor in the city elections at least, and party ties are disregarded when it comes to a man's home ties in elections.

The recent vote cast in favor of municipal ownership shows that the people are opposed to the extortions of the corporations that are getting richer through municipal franchises and that the time is coming when the cities will own their public utilities.

It also shows that there need be no fear from any uprising to disturb the proper government of affairs, so long as we have a free and fair ballot.

The present outlook for Bradford county's strawberry crop is most encouraging. The growers about Starke give good reports and a Lawtey correspondent says of the outlook there: "The rainy season has been an ideal one for strawberry culture. The fields are looking fine and the acreage is larger than ever."—Starke Telegraph.

A LAKE CITY SOLOMON.

The Punta Gorda Herald, one of the ablest papers in Florida, has the following regarding the Buckman bill and the new school law:

"The Lake City Citizen-Reporter, which The Gainesville Sun says is trying to lift itself from the depths of long and deserved obscurity by 'cutting fantastic tricks before high heaven' in order to attract attention, alleges that 'The Punta Gorda Herald is off its base again, which is nothing unusual,' and its editor is 'opinionated,' because The Herald stated that, if the Buckman bill should be declared unconstitutional, an extra session of the Legislature would be necessary to appropriate funds for the State colleges.

"This is denied by The Lake City Solomon, who alleges that 'the general government pays practically all of the running expenses of the school here' at Lake City, and that, therefore, no extra session would be necessary.

"Thus, the very learned Lake City scribe cannot see anything in the shape of a college or other high educational institution outside of his own town. His eyes may be so blurred with tears at the loss of the University that his vision is impaired.

"The veriest tyro of an editor should know that, if the Buckman bill is declared unconstitutional, the result would be to restore the status quo, whereby several other colleges besides that at Lake City would be instantly revived, and the $150,000 appropriated by the Buckman bill could not be used for any purpose whatever. The Board of Control would cease to exist and all their acts would become null and void, and the State Board of Education would be instantly confronted by the former laws, which require them to select faculties and put in operation the State schools at DeFuniak, Gainesville, Tallahassee, Bartow and St. Augustine. How they could do this without funds may be a feat within the brilliance and superior ability of the Lake City paper, but it would be beyond the legal capacity of the State officials.

"As a corollary to the foregoing, it may be remarked that the want of editorial discretion and diplomacy shown by one of its newspapers has a strong tendency to prejudice the people of the State against Lake City, already noted for the quarrelsome proclivities manifested by a few of its citizens. Neither newspaper nor individual that is always 'knocking,' wins friends for himself or his cause."

MORE MAIL TRAINS.

Practically every railroad train in the country will be a mail train in the course of a short time. Postmaster-General Cortelyou has announced that baggagemen on trains not carrying mail may carry packages of morning papers to any destination on the line, and that such papers will be considered regular mail matter. This will enable many people to receive their dailies in time for breakfast, whereas heretofore they were delayed several hours waiting for the regular mail trains. But the greatest benefit will probably be that sustained by the railroads. The government never allows strikes to interfere with the United States mail or any train carrying it, and when it is remembered that each train in the country will practically be a mail train the far-reaching effect of the order is readily apparent. The ruling will hardly be relished by the over-zealous labor leader.

The live stock growers of Germany are tariff pets, and they are illustrating what a soft snap it is to be that kind of favorites. Under a practically prohibitive tariff on live stock and meats the live weight price of hogs has risen to 14 cents a pound, and very ordinary cattle are 15 cents a pound. But evidently "the foreigner does (not) pay the tax," for fresh pork retails at 21 cents a pound, and veal, mutton, beef roasts and steaks sell for 25 to 35 cents a pound. In kind if not in degree this is the advantage that the tariff pets of this country have enjoyed for many years, but here the pets have not been farmers; it is the last that have been "paying the tax," as the meat eaters of Germany are now paying it.

There are many homeseekers now arriving in Florida, and the people of Alachua county should make an effort to induce some of the farmers to come this way, where we have the best lands in the State.

The only words the reporter caught from the song were something about "dear mother." Passing on and turning down a side street the reporter saw through the kitchen window the dear mother with her arms buried almost to the elbow in a pan of dough, the sweat streaming down her wrinkled face and the hot range enveloping her. She was singing: "We'll Work Till Jesus Comes."—Exchange.

JOHNS-REDDISH.

Popular People Married at Waldo Wednesday Evening.

Waldo, November 11.—On Wednesday evening at 7 o'clock at the Waldo Hotel, kept by Mrs. Mary Reddish and daughters, Miss Ada Reddish and Mr. Bolen Johns were united in marriage, Rev. D. L. Branning officiating. Some forty guests assembled to do honor to the popular bride and groom. The spacious parlors were tastefully decorated with evergreens and flowers, as was also the dining hall. Music was furnished by Mr. and Miss Entenza and Mrs. Fletcher on the mandolin and guitars.

The bride and groom, at exactly 7 o'clock, were ushered in from an adjoining room, were met by the minister under a beautiful marriage bell of gorgeous flowers, brilliantly lighted, and the imposing ceremony was appropriately performed according to the ritual of the Methodist Episcopal Church, and at the conclusion of the ceremony, just as the officiating minister extended congratulations, by an ingenious device, a shower of rice fell from the bell on the wedded young couple, much to the surprise of themselves and the company, and the great amusement of all. Hearty congratulations followed by the many relatives and friends and the social features of the occasion predominated. Light delicious refreshments and fruit were served in the large dining room, all the tables being filled, and there was much joy manifested in the "flow of soul" which sprang from the affection of relatives and personal interest of friends of this home and couple. The officiating minister attended the wedding of the mother years ago.

After the occasion was over several of the guests accompanied the bride and groom to their home on the farm of the groom, near Hampton, having a delightful moonlight ride.

TERRIBLE ACT OF BRIDE.

Kills Her Newly Wedded Husband and Then Suicides.

Norfolk, Va., Nov. 11.—Helen Hope, who last night was married to Randolph C. Johnson at Perquemans, N. C., was found dead in her bridal chamber this morning with a pistol in her hand, and a bullet wound through her head. Johnson was lying across the bed dead, with three bullets in his head and body.

Johnson had loved Miss Hope since her early childhood. He was 28 years old, and she but 17. After their wedding Wednesday night, a large supper and dance followed, and about midnight the couple drove to the home of the groom.

Their non-appearance about the house in the morning caused inquiry, and when the door of the bridal chamber was broken open the woman was found lying in a pool of blood before her dresser with a pistol in her hand and her brains oozing from the wound in her head.

Johnson's wounds were in the left breast, the left temple and a grazing wound on the cheek. Either of the first two would have proved fatal. No motive for the tragedy can be learned.

Georgia Congressman to Retire.

Savannah, Ga., Nov. 11.—Hon. Rufus E. Lester, representative in congress from the first Georgia district, the dean of the Georgia delegation, will not again be a candidate. He has so notified the Democratic executive committee. His letter says in part: "There are so many inquiries for nomination to the next congress by the Democratic party at its next primary election, I simply state to you, and hope you will make it public, that I will not be a candidate, as I do not feel willing to undergo the excitement of another campaign, especially one that promises to be as disagreeable as the approaching one. I make this early announcement in consideration of my friends who are willing to succeed me, but are generous enough not to antagonize me."

Burned to Death in Jail.

Covington, Ga., Nov. 11.—Charles Hicks, a young white man, was burned to death in the city jail here. The supposition is that he set his beding on fire, either for the purpose of burning his way to liberty, or it was done in an accidental manner from a cigar or cigarette. Hicks cried piteously for help, but before the door could be battered down with axes, Hicks fell into the flames and died in great agony. Jim Austin, the only other occupant of the jail, was rescued. Young Hicks lived at Boston, Ga., with a widowed mother, and was on a visit to his sister, Mrs. J. Z. Johnson, in Oxford. His family is one of the best in the state.

Indpendents Carry Memphis.

Memphis, Tenn, Nov. 11.—James H. Malone, one of the best known lawyers in Tennessee, has been elected mayor of Memphis on an independent Democratic ticket, defeating J. J. Williams, Democrat, who has held the office for eight years. John T. Walsh, an associate of Mr. Malone, was elected vice mayor, and the entire independent ticket is probably elected. Returns are delayed owing to the length of the ticket, but those at hand indicate a majority for Malone of about 1,200.

All Powers Accept Invitation.

St. Petersburg, Nov. 11.—Practically all the powers have now accepted the invitation of Emperor Nicholas to be represented at the second peace conference and the program which Russia will submit for the consideration of the delegates at the Hague is being elaborated at the foreign office. The date of the conference has been definitely fixed for May next.

To Hold Pan-American Congress.

Washington, Nov. 11—The diplomatic representatives of the South American republics to this country will decide on Dec. 7, which country will be designated as the meeting place of the next pan-American congress, which is to assemble in 1907. It is likely that Caracas will be the next convention city.

In the Wakulla circuit court at Crawfordsville, Thursday, the case of the State vs. Howard Stanford, colored, for killing A. J. Geoghegan, June 24th, resulted in a verdict of murder in the first degree. The jury was out eight minutes.

OUR WEEKLY NEW YORK LETTER

Passing Glimpses of Fashionable Furs. Enormous Muffs and Many Headed Neckpieces — Ermine Stock Collars the Newest Wrinkle — Luxurious Coats For Motor Wear.

By RENE DEVERAUX.

It doesn't require extreme weather in New York to bring out rich furs. In spite of the mild fall many handsome fur coats are daily seen in motor cars, and now and then a smart neckpiece or an occasional fur stock adorns the neck of the tailor made gown. This season's fur coats are cut along the lines of the handsome cloth garments, many luxurious empire models, both in long and short effects, being seen in a number of different pelts.

One noticeable feature of the smartest fur coats is their rather low rolling collars, there being a decided absence of the once fashionable storm collar.

Some of the darker furs are charmingly combined with a lighter pelt, an exceedingly fashionable combination being Persian broadtail with ermine.

Smart little ermine stock collars, by the way, come separately and give a handsome finish to a last year's coat. These fit snugly around the throat, reaching a trifle above the bust line and finished on each side with a head and two or three very tiny tails and claws. Ermine collars are particularly attractive with the rich shades of purple and Parma violet so much in vogue, and with hunter's green there is nothing more chic and elegant in appearance. Stock collars in chinchilla and white fox are equally popular, white furs being eminently becoming to young and pretty faces.

Skillful furriers are marvelously successful in practicing all kinds of artis-

CHARMING NECKPIECE AND MUFF OF THE NEW JAPANESE MARTEN FUR.

tic deceptions, and frequently quite inexpensive skins so closely resemble the richer ones as almost to baffle the closest observer. Stone marten is strikingly like Russian sable, and handsome mole and Alaska seal are not infrequently mistaken one for the other.

The long, graceful stoles, covering the shoulders and falling almost to the feet in front, though still worn, savor somewhat of last season and the season before, and shorter neckpieces upon which innumerable heads, tails and claws are to be seen, are rapidly beginning to take their place.

A charming neckpiece seen was of Japanese marten in its natural rich brown shadings, formed of two entire skins. The heads of these pelts were crossed in the back, the two ends in front showing each one large, full tail and two tiny feet. The New York girl has a pretty fashion of wearing this boa with the two heads resting coquettishly on the shoulder, one end of the boa being wound around the neck, with the tail hanging down in the back.

Handsome neckpieces of this description may be bought in New York for less than $30, their short, stylish length making them within the means of those with modest bank accounts.

Muffs this season are more enormous than ever, the old time round muff being seldom seen. These huge flat pillow muffs are exceedingly light and supple, and some of them are bent up with a tuft of velvet used as an ornamentation or drawn up with a silk cord which is worn around the neck.

Elegant muffs in natural mink are made of five or six entire skins, each with the tail of the little animal hanging down in front. Sets of baum marten and sable—collar and muff—are made of many entire skins combined, showing heads and tails galore, the neck and shoulders of the wearer being almost covered with the heads of these fascinating little animals.

Smart little fur Etons in seal, mole, sable, squirrel and blended Fitch are fashioned collarless with the newest sleeves and finishings, and as such garments require but a small quantity of material handsome jackets may be had at moderate prices.

Senator Simmons Bought Liquor.

Greensboro, N. C., Nov. 11.—Intense interest was centered in the case of the government against the Old Nick Williams Distilling company, when, in reading the records of the shipments over the Southern Railway company, Witness J. H. Cotner read a name of United States senator, F. M. Simmons, as a consignee. Senator Simmons is chairman of the Democratic state executive committee and sponsor for the Watts law, which created dispensaries throughout the state. As Senator Simmons is one of Prohibition's warmest advocates, the news of his having received a package from the distillery created no end of comment in the court room.

Canal Employes Form Clubs.

Washington, Nov. 11.—The isthmian canal commission yesterday received a letter from Chief Engineer Stevens, reporting the erection by an organization on the Isthmus, of the Christobal Club, composed of employes, and saying that it was probable that several other club of employes would be organized in the near future. On Mr. Stevents' suggestion, the committee authorized the expenditure of not more than $7,000 for such clubs, according to their size, the expenditure to be for buildings and the members to bear the expense of furnishing same.

"Battling" Nelson to Marry.

Chicago, Nov. 11.—A dispatch to the Record-Herlad from Cincinnati says: "Battling Nelson, the pugilist, yesterday for the first time announced that he was engaged to be married. The fair one who captured Nelson's heart, and who is in time to share his fortune, is Miss Marguerite Ballangero, of Fairfax, Calif., a small town near San Francisco. She is only 16, and Nelson wanted to marry her at once, but has agreed to wait.

Woman's Fight for a Fortune.

San Francisco, Nov. 11.—Elna Wallace Hopper will marshal her forces for a last fight for the half million estate left by her late step-father, Alexander Dunsmuir. Joined with her in an effort to secure the other half is Jean Dunsmuir, mother of the dead capitalist. A sensational feature of the action is that Attorney Mountford, a member of the firm of Wilson & Wilson, representatives of James Dunsmuir, sole legatee under the will of his brother, Alexander Dunsmuir, is dicetly accused of fraud and flagrant violation of the ethics of his profession.

Mikado Thanks Roosevelt.

Tokio, Nov. 11.—Lloyd C. Griscom, the American minister, had a farewell audience with the emperor who asked him to convey his thanks to President Roosevelt for his care of Japanese interests in Russia throughout the late war. His majesty presented Mr. Griscom with signed photographs of the empress and himself as a token of his appreciation of his impartial conduct of diplomatic affairs under the difficult conditions which prevailed for some time past.

Austrian Railway Strike Growing.

Vienna, Nov. 11.—The passive resistance strike on the Austrian railroads is extending and growing worse daily and is beginning to detrimentally affect the traffic to and from France, Germany and elsewhere. The difficulty of reaching a settlement has been increased by a ministerial notification that no negotiations with the railroad men will be undertaken until the "passive resistance" is abandoned.

Harmony Baptist Association.

The Harmony Baptist Association convened at Forest Grove Friday, and will remain in session until this evening. The moderator is Rev. Mr. Sheffield. The meeting is well attended, delegates being present from every church in the district.

SACRED CONCERT.

usical Treat Which Was Enjoyed by a Small Audience.

n Saturday's Daily Sun.

e sacred concert at the Episcopal ch last evening was one of the musical entertainments held in ity for a long time. The selec- were of a high class and their ering was highly gratifying. "In Judea," a selection by the orches- omposed of Miss Christine Rich- 1st violin; Miss Minnie Hamp- 2d violin; B. H. Chase, flute, and R. A. Becker, pipe organ, was the ing number and performed in a less manner.

lss Lovey Goode sang two solos, st," and "Jesus, Lover of My ." There is a marked improve- t in her voice since we last heard ing, and she rendered both se- ions very brilliantly. The duet by Goode and Mr. Hodges, tenor, also a pleasing number.

r. J. A. Goodwin sang "Dream of adise" in his best manner, his voice the upper register being strong and es perfect.

Each selection of the orchestra, as ll as the trio for two violins and the gan, was most heartily enjoyed and ayed with care as to expression. The o young ladies bring forth full and rfect tones on the violin. Mrs. ecker, who has charge of these enter- ainments, expects to have them at egular intervals during the winter, nd if they are as good as the first, will deserve large audiences.

MEANS—EVINS.

Wedding at High Noon at Bride's Home in Evinston.

Evinston, Nov. 10.—At the beautiful home of her mother, Mrs. Mary W. Evins, at high noon Thursday the accomplished and lovely Miss Sara Augusta Evins was married to Mr. James W. Means of McIntosh. The Rev. C. M. Gordon performed the ceremony.

Mr. Means is the youngest son of Judge G. W. Means, who came here from South Carolina over sixty years ago and did more than any other man to develop this section. The son is worthy of his noble sire. Miss Augusta Evins is a daughter of the late Capt. W. D Evins, a gallant captain in the Confederate army, and loved by all for his kindness and exemplary life. They have many friends in South Carolina and Florida who wish them much happiness in their journey through life. Mr. and Mrs Means took the afternoon train and after rambling a month will settle in their attractive home at McIntosh.

Mr. and Mrs. Means received a great many beautiful and costly presents from their relatives and friends. Mrs. Mary W. Evins, the bride's mother, gave a sumptuous dinner to the large crowd assembled at the marriage from Gainesville, Sampson City, Archer, Kirkwood, Tacoma, Micanopy, McIntosh and other points.

WEST VIRGINIANS HERE.

Party of Six Arrived Thursday and Others Will Follow

West Virginians are becoming quite prominent among those from other States who are locating here. Several natives of that State have come to Gainesville, settled and engaged in business, and have been so well pleased that they have induced many friends to come and make their homes in or near Gainesville.

Those who arrived Thursday were Mrs. Edward Albright, Miss Fannie Albright, D. F. Hartman and Bruce Watson of Terra Alta, Mrs. E. Falkenstine of Craneville, and C. E. Hunter of Rowlesburg.

Mrs. Albright, Miss Albright and Mrs. Falkenstine will be guests of Mr. and Mrs A. S. Albright. Mr. Watson is a brother of Mrs. George Forman of this city, and will spend the winter here.

A party of twenty-eight will leave Terra Alta some time during next month with a view of locating in Gainesville and vicinity, and altogether the West Virginia contingent will prove quite an addition to Gainesville's population.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

In the Mayor's Court.

Sam Reed and Luther Boynton were the only subjects before the mayor's court Friday, both being arraigned for fighting.

Inasmuch as the grievance was none too strong, Mayor Thomas decided to let the offenders off lightly, and fined them $1 and costs each, which was promptly paid.

Best Liniment on Earth.

Henry D. Baldwin, Superintendent City Waterworks, Shullsburg, Wis., writes: "I have tried many kinds of liniments, but I have never received much benefit until I used Ballard's Snow Liniment for rheumatism and pains. I think it the best liniment on earth." 25c, 50c and $1. Sold by W. W. Johnson.

Prince of Wales in India.

Bombay, Nov. 10.—The Prince and Princess of Wales arrived here today on board the British battleship Renown. They were greeted with salutes from the forts and warships and were accorded an enhusiastic reception by the immense crowds along the water front. The city is filled with visitors from all part of India. The towns people alike are bedecked in holiday attire.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and $1. Sold by W. M. Johnson.

Read Wireless Message 1,400 Miles.

Washington, Nov. 10—The navy department has learned that the wireless telegraph operation at San Juan, P. R. read signals which were being sent from a wireless station in the vicinity of New York. The distance as computed at the navy department is approximately 1,400 miles.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc. Guaranteed at all drug stores; 25c.

Blacksmiths Go on Strike.

Waycross, Ga., Nov. 10.—All the blacksmiths in the shops of the Atlantic and Birmingham Railroad company in this city are out on a strike. The blacksmiths are all union men. The strikers claim that the employment of a negro blacksmith was the primary cause of the strike.

"I Thank the Lord!"

Cried Hannah Plant of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at all drug stores; 25c.

Mrs. S. A. Robinson left yesterday for Reddick. She was summoned by a telegram announcing that her son, J. M. M. Robinson, had broken his leg. Mr. Robinson is well known here, and it is hoped by his freinds that the wound is not serious.

Miss Eva Means has returned from Evinston, where she went to attend the Means-Evans wedding, being one of the attendants. The wedding occurred Wednesday evening, and was largely attended by friends of the contracting parties, both of whom are very popular in that section.

Henry M. Chitty left for Jacksonville yesterday, having been summoned on accout of the serious illness of his brother, Arthur M. Chitty, who is confined in St. Luke's Hospital. He was joined in Rochelle by Dr. H. L. Montgomery of Micanopy, who has been called to wait upon the patient.

Justice R. W. Small of Hague was among the visitors to the county capital yesterday. Justice Small reports business very dull in his court, and good-naturedly declares if he was compelled to depend upon the fees of his office the county would have to send him to the poor house. He reports business otherwise very good, however, and the farmers happy over a good crop, with the exception of cotton, which is a third short of last year.

William Jones of Alachua, a clever traveling salesman and member of the firm of Jones, Maynard & Jones, general merchants of that progressive town, is in the city. Mr. Jones came for the purpose of receiving initiation in Gainesville Lodge No. 990, B. P. O. E., and was given a full set of antlers last night. He expressed himself as being very much impressed with the work of the order, and it goes without saying that he will make a good Elk.

Mrs. W. M. Scott and son, Clifford, have arrived in the city from Florence, S. C., and will make their future home here with the former's aunt, Mrs. C. A. Townsend, East Gainesville. They formerly resided here, Mr. Scott having been employed as a tailor with A. M. Endel.

We are in a position to furnish first-class bean, cuke and lettuce hampers, also cabbage and cantaloupe crates promptly at reasonable prices, and guarantee prompt shipment on all contracts. Ship on either A. C. L. or S. A. L. railroads. Williston Manufacturing Co., Williston, Fla. dawtf.

In order to prevent pedestrians from "cutting corners" on the court house square, thus tramping down the lawn, the commissioners have had placed at each corner of the lot, extending from the iron fence to the street, wire approaches, which will compel people to confine their promenades to the sidewalk.

Prof. M. H. DeLand was in the city yesterday. Prof. DeLand, who is one of Alachua county's most efficient and experienced teachers, has been principal of the Forest Grove school, but has resigned to accept a responsible position with the Bank of Alachua. While his friends regret to see him give up the profession of teaching, they wish him success in his new duties.

Col. J. W. Patton expects to make his departure today or tomorrow for Tampa, where he has been instructed to meet the officials of the Gainesville & Gulf railway on important business. Mr. Patton, who surveyed the route, will take a trip with the officials over the line, and it is safe to state that work of cutting right-of-way and grading will begin as soon as this investigating trip is concluded.

Rev. Thos. P. Hay, wife and son, Park, left yesterday for their former home, Palatka, where they will attend the fiftieth anniversary of the organization of the Presbyterian church of that city, which will be held today. The occasion will be observed with services in the morning, afternoon and evening, and Mr. Hay will participate in these services. They expect to be absent for several days, as the annual meeting of the Synod of Florida will be held at Palatka, beginning Tuesday. Elder L. E. Means has been appointed principal, with Elder Christopher Matheson as alternate, to represent the Gainesville Presbyterian church.

The report of the amount of cotton ginned up to November 1st, which was issued by the United States Census Bureau on November 8th, contains a new feature in the way of also giving the number of bales of Sea Island cotton ginned, to-wit: Florida, 19,700; Georgia, 26,245; South Carolina, 3,740 Another report will be issued November 21st, showing the amount ginned from the present crop up to the 14th inst. These reports will be appreciated by the growers of Sea Island cotton and give them a better idea as to the size of the crop. Benjamin Rush, the government statistician for this section, has taken great interest in having the Sea Island report separated from the short staple and has frequently called the attention of the officials to its importance to growers.

BARBERS WILL RAISE RATE.

No More Ten-Cent Shaves Will be Enjoyed by Gainesville People.

There has been a revolution in the prices charged by barbers in this city, with the result that, after December 1st, no face will be scraped for ten cents. The tonsorial artists feel that ten cents is too insignificant a sum to receive for a shave, and at a meeting held a night or two ago it was decided to raise the price to fifteen cents, or two for a quarter, which is the standard price throughout the United States.

Gainesville has long been noted as the cheapest city in Florida in the matter of tonsorial work, notwithstanding the fact that we have here artists who are the best in their line.

The barbers are inclined to be fair, but they declare they cannot make a living at ten-cent shaves.

LETTER FROM MAJOR TENCH.

Arrived in Tampa Safely, and Hard at Work at Fair Grounds.

A letter from Major John W. Tench, manager of exhibits for Alachua county, dated Tampa, Nov. 10, says:

"We are here and very cosily ensconced. Things have gone well and I am hard at work getting in shape for noon on the 15th. We have, as far as I can see, lost nothing of consequence by breakage. We have as you know a large space, and I hope to fill it and make Alachua the banner county. Many could contribute who have not, and love of home and patriotism must be at a low ebb with those who will not lend a hand in such a situation. Stir 'em up. Yours truly,

"John W. Tench."

GAME IS PLENTIFUL.

Gulf Hammock Abounds in Deer, Turkey and Other Wild Game.

John L. Chesser, who is engaged in fishing in Gulf Hammock, five miles from Otter Creek, is in the city on a visit to his family.

Mr. Chesser states that wild game is plentiful in Gulf Hammock, and the sight of a deer is nothing uncommon. A day or two recently, while out fishing on one of the creeks, Ben Gibson, one of the fishermen in his employ, observed a deer swimming across the stream. Being in close proximity Gibson approached the animal and killed it with one of the boat oars.

There are hundreds of wild turkeys and squirrels in the hammock, with the result that Mr. Chesser is "living high" on choicest venison and other game.

OLD MAID SALE.

People of North Gainesville Will Have Big Time Monday Night.

The progressive people of North Gainesville are determined not to be outdone when it comes to entertaining. Their latest venture will be an Old Maids' Sale, which will be held Monday evening, the 13th inst., at North Gainesville Hall, for the benefit of the hall, which needs repair.

No admission will be charged, but refreshments will be served and in this manner the promoters hope to realize a few dollars. An excellent program has been arranged and altogether the affair promises to be one of great enjoyment.

The following unique invitation has been written by one of the North Gainesville young ladies:

"Your're requested to attend an 'Old Maids'' sale;
We hope you'll attend without fail;
The maids will be sold according to weight,
At a perfectly proper, reasonable rate;
So come one and all; 'tis your duty, you know,
To see that none of the maids sell low.

Fine Imported German Coach Horse.

Lovers of fine horses should not fail to go and see the handsome imported German coach stallion now on exhibition at Crawford & Davis' stables, imported by the well known firm of J. Crouch & Son of LaFayette, Ind., and Nashville, Tenn. This horse is what is known as an all-purpose harness horse, the right kind to cross with the small Southern mare, which will give style, size and action. We understand that this strain of blood can be traced back three hundred years and will produce their own like in every way. This is the kind we surely need in this country. Now is your chance to see him; don't fail. daw

Vernon Chitty has returned to his home at Micanopy, after several days spent with relatives here.

AT THANKSGIVING TIME

Is when you should take particularly good care of your health. Don't have cold feet, wet feet or sore feet. Our Shoes are as near perfection as it is possible to make them, so there is no excuse for anyone wearing a shoe that does not afford proper protection against the weather or a shoe that does not fit perfectly. Our Shoes insure that combination of comfort, style and durability so hard to find.
